**-** Intermediate

## SUMMARY

Software development professional with adequate experience working with React, React Native, Next.js, AJAX technique - HTML/CSS/JavaScript, Typescript in building responsive web design & mobile apps. Thrive to obtain a position to utilize my software knowledge and work with teams by providing valuable support. Curious learner of new technologies, strategies, and tools.

## EXPERIENCE

*Software Developer -* Sparrowhawk Systems

**Sept 2023 - Jan 2024** | Stockholm County, Sweden

- Integrated TRPC and Prisma in a Next.js environment, and actively gaining hands-on experience by creating and modifying Prisma models.
- Additionally, collaborating on the modification and expansion of the existing frontend (using React, Next.js and MaterialUI), incorporating new features as required.

*Front-End Developer -* InnData Analytics Private Limited

**May 2023 - Aug 2023** | Visakhapatnam

- Focused on creating user-friendly web interfaces designed specifically for healthcare solutions
- Specializing in layout design with MUI and Next.js/React to seamlessly integrate their functionalities
- Collaborated with an accomplished team to work on RestAPI integration & Deployment.

*Front End Developer -* Beavers Software IT Services Ltd (Freelance)

**May 2022 - May 2023** | Remote

- Collaborated on the design and development of Android app using React Native framework & Typescript
- Troubleshooted and optimized code for performance.

*Technical Support Associate -* TTEC

**Dec 2020 - Apr 2022** | Ahmedabad, Gujarat

Worked for eBay Inc. as a Technical specialist and Customer support.
